Lifesize® Cloud Specifications

DIAL PLANS

Support for both direct-dial and "meet-me" dialing plans

- Direct dial any user, video system or meeting room for instant collaboration
- Create and schedule meet-me meetings
- Email-based dialing support

Support for legacy dial plans

- Dial out to any IP address or URI
- Every user and meeting room is reachable by IP address, URI or telephone number

MEETING ROOMS

Every user can create meeting rooms

- Optional security passcode
- Configurable auto-removal of unused rooms
- Each room supports up to 25 participants joining on an H.323/SIP video system, Lifesize Cloud app, guest client or telephone

CALL ESCALATION

Create a group call by simply adding another person to your call—no need to hang up and dial a bridge or meeting room (Feature available on the Cloud app, Icon and 220 video systems)

UNLIMITED GUEST CALLING

Anyone can join your call from an existing group video system, a Mac® or PC or even a web browser (Chrome™ and Firefox®)

TELEPHONE SUPPORT

Local telephone numbers in 40+ countries, provides dial-in support to all users and meetings

USER AND MEETING DIRECTORIES

Lifesize Cloud eliminates the need to dial using legacy IP addresses since every app and Icon room video system comes with a prepopulated directory—simply select the entry you wish to call

PRESENCE

- Presence indicators let you see at a glance whether the person you want to reach is available*

CLOUD APPS

Lifesize Cloud apps for Macs, PCs, iOS and Android mobile devices offer native Cloud integration:

- Prepopulated directory with presence support*
- Meetings directory
- Automatic software updates

ICON AND 220 ROOM VIDEO SYSTEMS

Supports connecting and automatic configuration to your Lifesize Cloud account and automatic software updates.

Centralized access to manage video systems from web console.

Available options include touch-screen phone, dual display support and 10x PTZ camera

THIRD-PARTY VIDEO SYSTEM SUPPORT

Lifesize Cloud is an interoperable service that works with video systems and infrastructure** from the following manufacturers:

- Avaya®
- Cisco®
- Polycom®
- Radvision®

SECURITY AND FIREWALL TRAVERSAL

- Encrypted signaling and media, AES 128-bit
- Automatic firewall traversal, no public IP required (Lifesize Cloud apps and Lifesize Icon only)

VIDEO AND AUDIO QUALITY

- HD video up to 60 fps
- Wideband HD audio with built-in echo cancellation
